Stewart Justman

Literature And Human Equality Stewart Justman:

Literature and Human Equality Stewart Justman,2006-08-14 Stewart Justman presents Western literature from Shakespeare Dickens and others to show how they changed the appearance of literature with new ways of constructing a tale

Charles Dickens's Great Expectations Harold Bloom,2010 Presents a collection of interpretations of Charles Dickens s novel Great expectations *Do No Harm* Stewart Justman,2008 Examines the medical controversy surrounding the use and potential benefits of finasteride a steroid drug shown to drastically cut incidents of prostate cancer among low risk men as well as cause more aggressive cancers in a small subgroup of patients **Imagining Equality in Nineteenth-Century**

American Literature Kerry Larson,2008-11-20 The theme of inequality has often dominated academic criticism which has been concerned with identifying analyzing and demystifying various regimes of power and the illicit hierarchies upon which they are built Studies of the United States in the nineteenth century have followed this trend in focusing on slavery women s writing and working class activism Kerry Larson advocates the importance of looking instead at equality as a central theme viewing it not as an endangered ideal to strive for and protect but as an imagined social reality in its own right one with far reaching consequences In this original study he reads the literature of the pre Civil War United States against Tocqueville s theories of equality Imagining Equality tests these theories in the work of a broad array of authors and genres both canonical and non canonical and in doing so discovers important themes in Stowe Hawthorne Douglass and Alcott

Nineteenth-century Literature ,2006 Contains articles which focus on a broad spectrum of significant figures in fiction philosophy and criticism such as Austen Carlyle Dickens Thackeray the Brontes Tennyson Browning Arnold Emerson Hawthorne Thoreau Whitman Twain and Henry James **The Springs of Liberty** Stewart Justman,1999 Justman considers satire not as a genre but as a potential available to different genres He contrasts a line of English literature critical of journalism writers such as Addison Austen and Trollope with another less mannerly represented by writers who exploded the stock formulas of which so much journalism is made a line running from Swift through Dickens to Joyce and Orwell Discussed too is the exploitation of the power of satire in political doctrine **BOOK JACKET The British National Bibliography** Arthur James Wells,2006 **The Best Books for Academic Libraries: Political science, law, education** ,2002 Books recommended for undergraduate and college libraries listed by Library of Congress Classification Numbers **Perfection, the State, and Victorian Liberalism** D. Malachuk,2005-08-19 This book recovers and recommends the core conviction of Victorian liberal theory that human beings with the help of the state can achieve an objective moral perfection The first half of the book considers the diverse modern biases that have blinded us to the merit of this core conviction and weaves together disparate new scholarship primarily in political theory and Victorian Studies to set the stage for a reconsideration of that conviction The second half of the book is that reconsideration outlining the various policies the Victorian liberals John Stuart Mill and Matthew Arnold primarily with a half dozen other nineteenth century British and American authors recommended

the state employ in the perfection of human beings MLA International Bibliography of Books and Articles on the Modern Languages and Literatures ,2006 **John Stuart Mill and the Ethic of Human Growth** D.A. Habibi,2013-03-14 In this well researched comprehensive study of J S Mill Professor Habibi argues that the persistent dominant theme of Mill s life and work was his passionate belief in human improvement and progress Several Mill scholars recognize this however numerous writers overlook his growth ethic and this has led to misunderstandings about his value system This study defines and establishes the importance of Mill s growth ethic and clears up misinterpretations surrounding his notions of higher and lower pleasures positive and negative freedom the status of children the legitimacy of authority and support for British colonialism Drawing from the entire corpus of Mill s writings as well as the extensive secondary literature Habibi has written the most focused sustained analysis of Mill s grand leading principle This book will be useful to college students in philosophy and intellectual history as well as specialists in these fields **Mill and Paternalism** Gregory Claeys,2013-05-09 Giving prominence for the first time to Mill s abiding concern with Malthusianism and its impact on his key arguments respecting liberty Mill and Paternalism explores Mill s strong commitment to population control popular education feminism and the leading role of intellectual elites alongside his overarching interests in both liberty and equality Book Review Digest ,2001 **The Nocebo Effect** Stewart Justman,2016-04-30 The Nocebo Effect documents the transformation of normal problems into medical ones and brings out the risks of this inflationary practice One notable risk is that people labeled as sick may find themselves living up to their label through the alchemy of the nocebo effect **Literature for Young People on War and Peace** ,1989-11-20 This annotated bibliography concentrates on books dealing with an important category of literature for youths that of war and peace The number of books for young people on this subject is surprisingly large yet it is often ignored Though such books don t form the center of children s literature they do represent an important portion of it revealing to children vital truths about the human condition and how nobly humans can act under extreme hardship The book includes a number of different types of works dealing with war and peace e g allegories and parables picture books poetry biographies Revolutionary and Civil War books tales of the Holocaust and Hiroshima and stories dealing with pacifism Each entry includes author title publishing data and age level as well as an annotation that assesses the entry s pertinence quality and value In addition to this bibliography for youths there is an annotated bibliography of materials for adults that covers how to discuss the subject of war and peace with young people The volume is also extensively cross referenced and indexed providing access to authors illustrators and titles subject entries such as warriors and pacifists and categories of material such as parables or poetry It will be an important reference work for teachers dealing with the subject of conflict and for courses in education and the social sciences and a worthwhile addition to college university and public libraries Fool's Paradise Stewart Justman,2005 Through the channels of the mass media celebrity psychologists urge us to realize that society has robbed us of our authentic selves That every moral

standard or prohibition imposes on our selfhoods That what we have inherited from the past is false That we ourselves are the only truth in a world of lies That we must challenge virtually everything That we must wipe the slate clean and start over Each of these principles is a commonplace of pop psychology and each has almost unimaginably radical implications Where did pop psychology come from and what are its promises and fallacies How is it that we have elevated people like Phil McGraw Theodore Rubin Wayne Dyer M Scott Peck Thomas Harris John Gray and many other self help gurus to priestly status in American culture In Fool s Paradise the award winning essayist Stewart Justman traces the inspiration of the pop psychology movement to the utopianism of the 1960s and argues that it consistently misuses the rhetoric that grew out of the civil rights movement Speaking as it does in the name of our right to happiness pop psychology promises liberation from all that interferes with our power to create the selves we want In so doing Mr Justman writes it not only defies reality but corrodes the traditions and attachments that give depth and richness to human life His witty and astringent appraisal of the world of pop psychology which quotes liberally from the most popular sources of advice is an essential social corrective as well as a vastly entertaining and stimulating book Große Werke der Literatur Hans Vilmar Geppert,1990

International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences ,1996 Cumulated Index to the Books ,1999 **The Common Review** ,2006

This book delves into Literature And Human Equality Stewart Justman.
